DENVER, November 15th, 1884. Editors Herald:

"Aboard the Train," was a song by Moody and Sankey, and abourd the D. & R. G. the delegates from Utah and Or he Ruled Out of the Party-What Idaho found themselves on the morning of the 12th, with a full assortment of irrigation to make all happy, with the compliments of Fred. J. Keisel, of Ogden. The train rolled on, so did the time, and with it came jolification. The Democratic Platform, adopted by the Democratic Platform, adopted by the Democratic Territorial Committee November 13th, 1834:

First—A cordial acceptance of the Constitution of the United States, and of the duty to obey all the laws passed in pursuance thereof, as expounded by the Court of last resort, is essential to loyalty and good citizenship, and no one can be a true Democrat who is not in his political faith and practice a good citizen.

Second—All just powers of governments are derived from the people in whom is the National and State sovereignty. By the organization of our Constitutional are content only leaded to the door, others would only in the scenery, let us hear his story; "while others enjoyed a two-fold view of much of the sceneries. By the organization of our Constitutional government only legislative, judicial and executive power is granted to the body politic; the grant is to be limited to the object of securing general and equal protection of life, liberty and property to citizens, and that no one shall be deprived of either without due process of law.

Third—As Democrats we hold to a strict construction of all grants of power by the people.

Fourth—We hold that life is the gift of our Creator; and the right to preserve it is the most sacred of the rights of man. Liberty is freedom from all restraint, but such as are justly imposed by law, that beyond that line lies the domain of usurpation and Ityranny.

Fifth—It is one of the claims of our republican institutions to increase the intelligence of the people; to foster, establish and maintain their individual independence of choice and action in the exercise of all their personal and political rights, franchises and privileges; to this end the union of church and State has been forever abolished, and we pledge ourselves to assert and maintain the individual independence of the citizen and his exemption from any authority to direct his civil conduct except by the law of the land.

Sixth—We hold that all public bounties should be shared equally by the

Seventh—All monopolies are inimical to the liberties of the people and to republican institutions; legislative grants of vast areas of the public domain to corporations, of late years, under Republican administrations, have vastly increased the public danger, by aggrandising the few and oppressing the many.
